Where every load can go in Orange County

Every place a hauler can dump in Orange County — landfills, transfer stations, C&D and inert recyclers, green-waste sites, scrap yards and HHW centers — with what each takes, what it costs and the rules. Verified Oct 15, 2026 from operator rate sheets, County and city pages and CalRecycle records.

⚠ Strike: OC landfills closed to public self-haul

Since Oct 13, 2026, OC Waste & Recycling posts: “Prima Deshecha and Olinda Alpha landfills public self-haul access is unavailable until further notice due to picketing activity.” It doesn't say whether commercial haulers are affected — call (714) 834-4000 before sending a truck.

What matters most

- ✓ OC landfill gate rate is \$92.70/ton for FY 2026–27 (was \$67.76). Already approved: \$100.40 from Jul 1 2027 and \$108.10/ton from Jul 1 2028.
- ✓ Clean broken asphalt at OC landfills: OCWR pages changed Oct 12 2026 and now conflict — call first. Free landfill asphalt has ended.
- ✓ Ewles (Stanton, Irvine) takes concrete with rebar/wire and oversized pieces. Greenstone (SJC) is the closest inert yard to Dana Point.
- ✓ Landfill tickets count as disposal, not C&D diversion. Madison (Santa Ana) and TVI (Irvine) are Dana Point's certified mixed C&D sites.
- ✓ OC landfills need pre-tested soil certification for dirt over 5 cu yd or 8 tons. Clean mattress-only loads are free at all three.

Facility types

Each facility has one number, used on the maps, in every table and on its profile. Numbers run by type in this order, then north to south.

Landfill 3 Final disposal: trash and mixed loads are buried, not recycled.	Transfer station / MRF 5 Loads are tipped, sorted and reloaded for recycling or the landfill.	C&D recycler 2 Sort construction and demolition debris for recycling.	Concrete, asphalt & dirt 5 Inert recyclers: clean concrete, asphalt, dirt, brick and rock.
Green waste & wood 5 Yard trimmings, brush and wood, ground into mulch or compost.	Scrap metal 6 Scrap yards for ferrous and non-ferrous metal.	Household hazardous waste 4 Drop-off centers for paint, chemicals, batteries and similar.	Specialty (carpet etc.) 1 Single-material recyclers such as carpet.

C&D credit: None — landfill tonnage counts as disposal, not diversion. Give the city of origin at the scale.

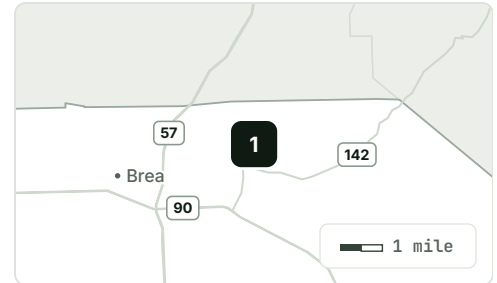

RULES AT THE GATE

- OC-origin waste only: bring a contract, work order or permit showing the OC job address.
- Businesses need a valid business license.
- Cover and secure every load; uncovered loads can be warned, cited or turned away.
- Weigh in / weigh out; ask the fee booth about a tare-weight decal.
- Dirt over 5 cu yd or 8 tons: Soil Information Form + lab results first (soil@ocwr.ocgov.com).
- Free mattress loads must be clean, dry and not mixed with trash.

Not accepted: Asbestos, hazardous waste, paint, batteries, tires, electronics, contaminated soil, liquids, fuel tanks, mufflers, coated/painted treated wood, out-of-county waste, all treated wood

NOTES

Before you roll out

OC landfills: OC waste only

County landfills take Orange County waste only. Bring proof of origin: a contract, work order, bill of lading, permit plans or business license showing current work dates and the job address.

[OCWR Landfill Fees \(proof of origin\)](#)

Cover every load

CVC 23114/23115: loads must be covered so nothing spills or blows; waste loads must be totally covered. Fines up to \$100, \$200, \$250; a repeat 23114 violation within two years is a misdemeanor. OCWR may cite or turn you away.

[CVC 23114 \(California Vehicle Code\)](#)

CALGreen: 65% C&D diversion

The 2025 CALGreen code, in effect Jan 1 2026, keeps the 65% diversion rule for new construction and covered additions/alterations. OC's unincorporated-area program also covers demolition-only projects.

[CalRecycle CALGreen C&D summary](#)

C&D permits: keep every ticket

OC cities commonly require a waste plan naming facilities and a final report with all weight tickets. Landfill tickets count as disposal, not diversion — green waste too. Fountain Valley allows no ticket corrections.

[Fountain Valley Construction & Demolition](#)

At the scale: city + 'C&D'

State rules require the hauler to give the jurisdiction of origin at delivery. Tell the scale house the load is 'Construction & Demolition' (not trash or green) and check the ticket before leaving.

[14 CCR 18815.9 \(disposal reporting\)](#)

Landfill soil: test over 5 cy

Since Oct 12 2026 OC landfills take untested soil at \$92.70/ton, but loads over 5 cu yd or 8 tons need pre-tested soil certification: Soil Information Form plus lab results; letters about 3 days after results.

[OCWR Landfill Fees, FY 2026–27](#)

Landfill asphalt: call first

OCWR's fee page says clean broken asphalt is not accepted at the three landfills as of Oct 12 2026; its Fee Exemptions page says standard fees apply. Call (714) 834-4000 or use an inert recycler.

[OCWR Fee Exemptions](#)

Treated wood: 2 landfills only

AB 332 rules apply (they sunset Jan 1 2030 only if DTSC certifies by Jul 1 2028): treated wood goes to a Class I or composite-lined landfill. In OC: Bowerman (commercial) and Prima only, with an OCWR manifest, kept separate, no coated or painted wood.

[OCWR Treated Wood Waste notice](#)

Asbestos: survey + 10-day notice

SCAQMD Rule 1403: survey before any demolition or renovation; notify SCAQMD 10 working days ahead. ACM ships in leak-tight wrapping with a Waste Shipment Record. OC landfills don't accept asbestos.

[SCAQMD Rule 1403](#)

Appliances: refrigerant out first

HSC 25212: refrigerant and other special-handling parts must be removed by a certified appliance recycler before an appliance is crushed or disposed. OCWR tells haulers to take appliances to a metal yard.

[HSC 25212](#)

Tires: 10+ needs registration

Anyone hauling 10 or more used tires needs a CalRecycle waste tire hauler registration (\$10,000 surety bond), a trip log and manifests. OC landfills don't accept tires.

[CalRecycle Waste Tire Haulers](#)

Scrap metal: ID + thumbprint

State law (B&P 21606, 21608.5): recyclers record a government photo ID and thumbprint from sellers of regulated scrap metal. SA Recycling also records the plate (and trailer) and your signature.

[Global Metal – Scrap Metal Laws](#)

The loads most sites turn away

ITEM	WHERE	RULE
Mattresses & box springs	Free if mattress-only: Prima, Olinda, Bowerman (businesses), CR&R Stanton (10 max), WM Sunset (5 max, business), Republic HB (2), Midway City SD, Westminster (10).	Clean, dry, mattress-only loads. Mixed loads pay full fees; soiled, wet or bedbug mattresses are refused. Source
Tires	Not at OC landfills. Republic CVT, WM Sunset (extra fee); Madison (confirm); Republic HB lists \$71.64 each but its permit report says no. Azusa Land Reclamation (LA Co.).	10 or more tires per load requires a CalRecycle waste tire hauler registration and manifest. Source
Fridges, freezers, A/C	SA Recycling Anaheim and Santa Ana, DBW Metals (Certified Appliance Recycler); OC Recycling, Santa Ana (fridges); Republic CVT and WM Sunset (extra fee).	Refrigerant and other special-handling parts must come out at a certified appliance recycler (HSC 25212). Source
E-waste (TVs, monitors)	OC Recycling, Santa Ana; GreenTree, Laguna Niguel (nearest Dana Point); Green Leaf, Lake Forest; OC Conservation Corps, Anaheim. County HHW: residents only.	Banned from landfills. Call collectors about business loads, quantities and any fee. Source
Treated wood (TWW)	Frank R. Bowerman (commercial only) and Prima Deshecha landfills. Not Olinda Alpha. TVI rejects it.	OCWR manifest before unloading; keep separate; no coated or painted TWW. Never mix into C&D bags. OCWR FAQ omits Prima — call. Source
Asbestos (ACM)	No OC site found. WM Azusa Land Reclamation (scheduled, profiled loads, Mon–Fri 8am–2pm); WM Kettleman Hills for hazardous friable ACM.	SCAQMD 1403 survey and 10-working-day notice; licensed abatement only. Don't knowingly haul ACM. Source
Drywall	No drywall-only recycler in OC. Mixed C&D sites: TVI, Madison, CR&R Stanton, WM Sunset, Republic HB. OC landfills at \$92.70/ton.	Charged as mixed C&D. Inert yards (Ewles, Greenstone, R.J. Noble) refuse it. Source
Roofing	Shingles: mixed C&D sites (TVI, WM Sunset) or OC landfills. Clay/concrete tile: Greenstone or R.J. Noble — confirm. Blue Ribbon and Ewles refuse.	Pre-1980s roofing and mastics can contain asbestos — test before tear-off. Source
Carpet & pad	CARE sites: Aquafil and California Cushion (Orange), CR&R Stanton, Madison, Republic CVT, WM Sunset; three flooring stores in Huntington Beach and Brea.	Dry, debris-free, carpet separated from pad and rolled. Water-, fire- or smoke-damaged carpet can't be recycled. Source
Paint	PaintCare drop-off sites (mostly paint and hardware stores) take paint free from businesses and households. County HHW centers: residents only.	Labeled containers up to 5 gal, lids tight; don't mix paints; no empty cans. Free pickup for 100+ gallons. Source
Motor oil & filters	CalRecycle certified used-oil collection centers (online locator). County HHW takes residents' motor oil, not filters.	Banned from trash. Centers may cap drop-offs at 5 gal a day; ask about filters. Source
Fluorescent tubes, ballasts	Residents: County HHW centers. Businesses: a universal-waste recycler (OCWR business referral list).	Universal waste — no landfill. Pre-1979 ballasts may hold PCBs; SA Recycling refuses unlabeled ballasts. Source
Propane & gas cylinders	Residents: County HHW (propane up to 5 gal, extinguishers up to 40 lb). Larger or business cylinders: return to the gas supplier.	Never in a dumpster bag. Scrap yards take tanks only if opened or fully purged. Source
Hot tubs / spas	Mixed C&D transfer stations (CVT, WM Sunset, CR&R Stanton, Republic HB, Madison); metal frames and motors to scrap yards once drained.	No OC rule published. Call about whole vs cut-up spas; landfills charge more for items over 6 ft. Source
Solar panels (PV)	Residents: County HHW (PV only, no thermal panels). Businesses: a universal-waste or e-waste recycler that takes PV modules — none confirmed in OC.	Universal waste — not for landfill or trash. Source
Lead-paint debris	Federally, RRP debris from homes may go to a municipal landfill. No OC-specific rule found; California's classification is unconfirmed.	Collect and wrap debris daily (EPA RRP). Abatement waste may be California hazardous — call first. Source
Household hazardous waste	County HHW: Anaheim, Huntington Beach, Irvine, San Juan Capistrano — Tue–Sat 9am–3pm, free, OC residents only.	15 gal / 125 lb per trip; no business waste — haulers can't bring customer HHW. Source

Closed, private and out-of-scope sites

Listed so you don't waste a trip: these came up in the research but don't take outside loads, have closed, or duplicate a listed site.

CR&R South County MRF, San Juan Capistrano

Decommissioned in 2026; took no waste at the Aug 2026 inspection.

TVI, 7982 and 7973 Irvine Blvd, Irvine

Closed; TVI now operates only at 8065 Marine Way.

Ewles Materials, San Juan Capistrano

Not on Ewles' 2026 site (only Stanton, Irvine, Murrieta).

Dan Copp Crushing, Anaheim

Now North American Recycling & Crushing (same site).

WM Orange LVTS, Construction Cir E, Irvine

Small WM yard next to Sunset; no hauler or public access found.

JP Service and Hauling, Garden Grove

Private roll-off yard; gate closed at inspection.

2020-list-only sites (Hanson, El Toro, Brea Green)

Not on any 2025 list; presumed closed or not taking outside loads.

Out-of-county sites on OC C&D lists

Gardena, South Gate, La Puente, Los Angeles, Riverside, Corona — outside OC.

Planned, inactive or revoked SWIS sites

Prima MRF, Transfer Station III, Anaheim Sustainability Ctr, Agromin, TVI Irvine Lake.

City, County, Caltrans and private captive yards

Government or private captive operations (incl. Golden Rain, Serrano Creek).

Aguinaga Green, 410 W Grove Ave, Orange

On a County green-waste list but not in state records — 2026 status unconfirmed.

Griffith Hicks Canyon Recycle Site, Irvine

Stopped taking asphalt/concrete rubble (Feb 2025); city lists are out of date.

TVI San Juan Capistrano, 31748 La Pata

Same site as CR&R La Pata Green (operator changed Oct 2024).

Newport Beach Transfer Station

Handles the city's residential pickup only; not open to haulers or the public.

CR&R Rancho Mission Viejo Compost (30-AB-0448)

Likely CR&R's own green waste only; not confirmed.

Robert's Waste & Recycling, Santa Ana

A hauler; no disposal facility found in state records.

All American Asphalt, Irvine

No evidence it accepts outside broken asphalt or concrete.

SA Recycling, 1016 Santiago St / HQ in Orange

Not on SA's 2026 yard list; HQ is an office with no scrap intake confirmed.

OCWR greeneries (Valencia, Bee Canyon, Capistrano)

Compost operations inside the three landfills; covered under each landfill.

Small green sites (Tony's Organic, R&S Soil)

No public or hauler intake found.

20 closed OCWR landfills (Coyote Canyon, etc.)

Closed County disposal sites; no disposal.

About this guide

Built for Eco Waste Inc. from operator websites and rate sheets, county and city pages, and CalRecycle's Solid Waste Information System (SWIS). Every facility was checked on October 15, 2026. Map locations come from SWIS or from the street address (US Census geocoder). Nothing here is estimated: where a fact could not be confirmed, the guide says call first.
