Where every load can go in San Diego County

Where to take every load in San Diego County: landfills, transfer stations, certified C&D sorters, inert, green-waste and scrap yards, and HHW sites, with rates, hours, rules and what each takes. Built from operator rate sheets, City of San Diego and County pages, the City's 2026 certified C&D directory and CalRecycle SWIS, verified Oct 15, 2026. Rates change — call before hauling.

What matters most

- ✓ Miramar is the only landfill with posted rates (FY 2026–27): trash \$102/ton City, \$108 Non-City; mixed C&D \$241 / \$257, with 0% diversion credit.
- ✓ Republic (Otay, Sycamore, Borrego, Palomar), EDCO and WM publish no gate rates — get them by phone or at the scale.
- ✓ Certified C&D rates as of Oct 15, 2026: Palomar and Otay C&D 80%, EDCO San Marcos 75%, SANCO and EDCO transfer stations 67%. They change quarterly.
- ✓ EDCO's SANCO and San Marcos CDI sites refuse trash, brick, asphalt shingles, clay roof tile, insulation and painted/treated wood.
- ✓ Greens: San Pasqual \$60/ton, Miramar Greenery \$72/ton, clean wood \$36/ton at Miramar — loads must be 90% one material or bill as refuse.
- ✓ Inert: Alpine is the only yard with posted prices (\$125–\$400 per load, +\$250 rebar). Moody's in Oceanside is the closest SD inert yard to South OC.

Facility types

Each facility has one number, used on the maps, in every table and on its profile. Numbers run by type in this order, then north to south.

 Landfill 4 Final disposal: trash and mixed loads are buried, not recycled.	 Transfer station / MRF 8 Loads are tipped, sorted and reloaded for recycling or the landfill.	 C&D recycler 3 Sort construction and demolition debris for recycling.	 Concrete, asphalt & dirt 17 Inert recyclers: clean concrete, asphalt, dirt, brick and rock.
 Green waste & wood 9 Yard trimmings, brush and wood, ground into mulch or compost.	 Scrap metal 7 Scrap yards for ferrous and non-ferrous metal.	 Household hazardous waste 9 Drop-off centers for paint, chemicals, batteries and similar.	 Specialty (carpet etc.) 2 Single-material recyclers such as carpet.

PUBLISHED RATES

Republic publishes no gate rates — call (619) 562-0530.

C&D credit: Landfill = 0% City of San Diego diversion credit.

RULES AT THE GATE

- Non-friable asbestos only with an approved waste profile sheet, during designated hours.
- Fire debris accepted by appointment (County map).
- Per the permit, vehicles may weigh in from 4am and wait at the tipping area.
- Santee pass holders: driver's license plus a residential water or electric bill.

Not accepted: Friable asbestos, hazardous waste, liquids

⚠ HEADS UP

- Hours shown are permit tipping hours; a 2025 permit revision allows Sun 6am–3pm — actual Sunday opening unconfirmed.
- Bye Bye Mattress lists Sycamore as a free mattress site (call first for large quantities).

3 West Miramar Landfill (Miramar Landfill & Greenery)

City of San Diego Environmental Services

Landfill

VERIFIED OCT 2026

The only SD County landfill with published FY 2026–27 rates. Takes trash and mixed C&D (about 2.4x the trash rate, 0% diversion credit); greens and clean wood go to the on-site Greenery.

WHAT IT TAKES

- Trash \$102/ton City, \$108 Non-City
- Mixed C&D \$241/ton City, \$257 Non-City
- Concrete / asphalt \$241/\$257/ton (as C&D)
- Dirt Clean Fill Program, \$50/load
- Brick / rock \$241/\$257/ton (as C&D)
- Green \$72/ton (at Greenery)
- Wood \$36/ton (at Greenery)
- × Metal
- Drywall \$241/\$257/ton (as C&D)
- Roofing \$241/\$257/ton (as C&D)
- Mattress Free (Bye Bye Mattress)
- × Appliance
- × Tires
- × E-waste
- × HHW
- Treated wood Call first – conflict
- Asbestos Non-friable, pre-approved

PUBLISHED RATES

C&D debris, weighed (City / Non-City)	\$241 / \$257/ton
General refuse, weighed (City / Non-City)	\$102 / \$108/ton
Green material, weighed (Greenery)	\$72/ton
Clean wood, weighed (Greenery)	\$36/ton
Special Handling, weighed (City / Non-City)	\$142 / \$151/ton
Tier 3 flat (roll-off), C&D (City / Non-City)	\$1,513 / \$1,623 per load
Tier 3 flat (roll-off), refuse (City / Non-City)	\$641 / \$681 per load
Clean Fill Dirt Program admin fee (pre-approved)	\$50 per load
Uncovered load fee	\$50 per load

FY 2026–27, effective Jul 1 2026. Flat tier rates apply when no tare weight is on file.

C&D credit: Landfill = 0% City diversion credit. Greens and clean wood at the Greenery do earn credit.

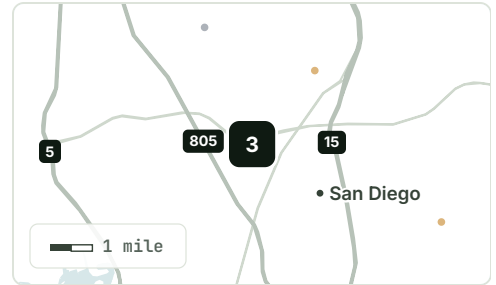

RULES AT THE GATE

- All loads must be covered — \$50 per uncovered load.
- Declare Non-City waste and its origin at entry; any Non-City waste bills the whole load at Non-City rates.
- 20 CY open tops are presumed C&D unless declared; 30 CY+ open tops can bill at Special Handling.
- No hand unloads after 4pm. Minimum fee is the Tier 1 City rate (\$75 refuse).
- Appliances, TVs, e-waste, universal waste and HHW must be removed before entering; loads are randomly inspected.
- Special waste (non-friable asbestos, treated wood) needs pre-approval, an appointment and a \$91/load manifest fee.

Not accepted: Liquids, hazardous waste, recyclable metal, refrigerant appliances, e-waste and batteries, whole tires, friable asbestos, PCBs, hot ashes

▲ HEADS UP

- Treated wood: the City posts a pre-approval process, but Miramar is not on the State Water Board TWW list — call first.
- OC-origin loads pay Non-City rates; 2022 rules say Miramar may refuse waste from outside City limits.
- Clean Fill Dirt Program: self-dumping dump trucks only (roll-offs, crane trucks not listed); no dirt for 3 days after rain.

C&D credit: City/County-certified mixed C&D: 75% as of Oct 15, 2026 — best EDCO rate.

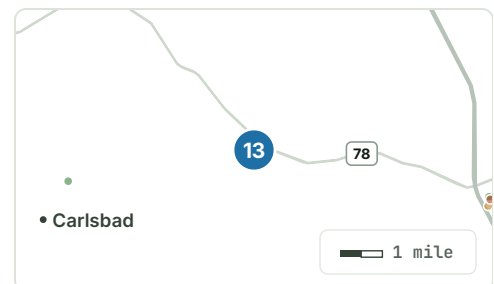

RULES AT THE GATE

- Drive straight back to the Recycle Center and see the attendant before unloading.
- Carpet cannot be mixed with other CDI — separate load, for a fee.
- Put the project address and permit number on the receipt.

Not accepted: Trash, hazardous and special waste, yard waste, painted or treated wood, asphalt shingles, brick, clay roof tile, ceiling tile, insulation, plastic film, PVC, straw wattles

▲ HEADS UP

- Weekday close is 4pm in EDCO's hours but 4:30pm in its FAQ — confirm.
- City directory marks trash here; EDCO says no solid waste (an EDCO transfer operation shares the address).
- Bye Bye Mattress lists this address as a free drop-off for residents and businesses, 10 max.

C&D credit: City/County-certified mixed C&D: 67% as of Oct 15, 2026.

RULES AT THE GATE

- Weigh in, dump inside at the spotter's direction, weigh out and pay.
- Carpet only as a separate load, for a fee: dry, tack strip and nails out, pad rolled separately.
- Put the project address and permit number on the receipt.
- Use the EDCO/SANCO driveway closest to Bob Baker Toyota.

Not accepted: Trash, hazardous and special waste, yard waste, painted or treated wood, asphalt shingles, brick, clay roof tile, ceiling tile, insulation, plastic film, PVC, straw wattles

⚠ HEADS UP

- Trash, brick, roofing, insulation or yard waste in the load fails EDCO's CDI rules — send it to a transfer station.
- DTSC lists SANCO as a treated-wood transfer site even though CDI loads refuse it — call.

Before you roll out

Cover every load

CVC §23115: anything hauled for disposal or recycling must be totally covered so nothing spills or falls. Miramar charges \$50 per uncovered load; Otay requires a tarp, rope or similar.

[California Vehicle Code §23115](#)

Dirt, rock, asphalt: cover or 6 in

CVC §23114: rock, sand, dirt, gravel, asphalt and similar must be covered unless the load stays 6 in below the upper edge and doesn't peak above it. Loads going to disposal or recycling also fall under §23115's total-cover rule.

[California Vehicle Code §23114](#)

No C&D credit at landfills

City of SD: "Material taken to a landfill is DISPOSAL." Credit only at certified sites, by ticket date. As of Oct 15, 2026: Palomar, Otay C&D 80%; EDCO San Marcos 75%; SANCO and EDCO transfer stations 67%. Rates change quarterly.

[City of SD — C&D Debris Diversion](#)

Get the ticket coded C&D

At transfer stations, tell the scale the load is C&D — tickets coded MSW, trash or refuse get 0%. Put the project address and permit number on every receipt. County jobs: tell the weighmaster the load is under the County C&D ordinance.

[City of SD 2026 Certified C&D Facility Directory](#)

City of SD: 65% + refundable deposit

Most building/demo permits pay a refundable C&D deposit and must divert 65% by weight. Refund is proportional to diversion; weight tickets are due within 180 days of final inspection. Roofing-only, fence, pool and single-trade permits are exempt.

[City of SD — C&D Debris Diversion](#)

County: 65% overall, 90% inerts

Unincorporated projects must divert 65% of C&D, including 90% of inerts. Keep a daily log of every load (date, material, weight, transporter, facility) with receipts; file the final report within 180 days of the CO.

[County of SD — C&D Debris Management](#)

CALGreen 65% (2025 code)

The 2025 CALGreen code took effect Jan 1, 2026: recycle or salvage at least 65% of nonhazardous C&D waste on new construction and qualifying additions/alterations. Cities and the County enforce it through their C&D programs.

[CA Building Standards Commission — Codes](#)

Treated wood: approved landfills only

AB 332: TWW goes without a hazardous waste manifest, but only to authorized lined landfills — in SD County, Otay and Sycamore (Water Board list). Miramar isn't listed (conflict). Over 10,000 lb a year: notify DTSC within 30 days.

[DTSC — Treated Wood Waste](#)

Asbestos: survey + 10-day notice

SDAPCD Rule 1206 (replaced Rule 361.145 in 2017): survey by an EPA-accredited inspector and 10 working days' notice before demo or renovation of 100+ sq ft. Homes of 4 or fewer units exempt unless used commercially. Non-friable ACM: Miramar, Sycamore.

[SDAPCD Rule 1206](#)

Appliances: refrigerant out first

HSC §25212: refrigerants, PCB capacitors, mercury switches, oils and circuit boards must be removed by a Certified Appliance Recycler before an appliance is disposed of or crushed. Miramar refuses appliances at the gate.

[CA Health & Safety Code §25212](#)

E-waste & universal waste: no landfill

Batteries, electronics, CRTs, lamps, mercury items, non-empty aerosols and solar panels can't be landfilled (DTSC). Miramar randomly inspects loads; violators are cited and billed all handling costs.

[DTSC — Universal Waste](#)

Business hazardous waste

Public HHW sites take households only (15 gal/125 lb per trip), except Chula Vista's program for qualifying CV businesses. Small businesses (VSQG: under 27 gal/220 lb a month) can call the County at (858) 694-2456.

The loads most sites turn away

ITEM	WHERE	RULE
Mattresses	Free: Miramar Mattress Site (5161 Convoy, no limit, Mon–Fri 7am–3pm), Otay and Sycamore landfills, Palomar. EDCO San Marcos and Ramona: 10 max.	No wet, soiled, damaged or bedbug mattresses. Limits per Bye Bye Mattress — call before a commercial load. Source
Tires	Miramar Recycling Center, 5165 Convoy: \$7 each (18 in and under, no rims). Pala Transfer: \$10–\$20 each.	Miramar Landfill takes only shredded or cut tires, with a \$74/load manifest fee. Otay refuses tires. Source
Appliances w/ refrigerant	Miramar Recycling Center: \$25 each (\$12 for stoves, washers, dryers, water heaters). SA Recycling, Commercial St and Main St: pays scrap, recovers refrigerant.	Keep white goods out of landfill-bound loads; refrigerant comes out only at a Certified Appliance Recycler. Source
E-waste	Miramar Recycling Center: TVs, monitors, laptops, CPUs free; small electronics \$0.25/lb. Allan Co., Consolidated Way. EDCO La Mesa, Fallbrook, Ramona.	Universal waste — barred from Miramar Landfill. For contractor volumes call Allan Company first. Source
Treated wood	Otay and Sycamore landfills (Water Board list). Miramar has a pre-approval process but isn't on that list — conflict. DTSC lists EDCO sites and Palomar for TWW transfer.	Never mix into green or clean-wood loads. Over 10,000 lb a year: notify DTSC within 30 days. Source
Asbestos (ACM)	Non-friable: Miramar (City + approved jurisdictions, appointment, Mon–Fri 9am–2pm) or Sycamore (waste profile). Friable: hazardous waste — no SD site found.	Miramar: CAC/EPA-inspector statement, double 6-mil wrap, manifest, \$91/load fee, 2 working days' notice. Source
Drywall	Amswede, Chula Vista — only listed source-separated drywall site. Otherwise in mixed C&D to SANCO, EDCO San Marcos, EDCO R&T, EDCO La Mesa or Palomar.	No gypsum recycler in SD County. Palomar wants clean white drywall. Source
Carpet & pad	Aquafil, 187 Mace St, Chula Vista and 7720 Formula Pl, San Diego; SANCO and EDCO San Marcos (separate load, for a fee); DFS Flooring, San Diego.	Dry, debris-free, carpet and pad separate. Aquafil's site lists only Orange, CA — confirm SD sites are open. Source
Paint	PaintCare drop-off sites (paint and hardware stores; find them at paintcare.org) — open to households and businesses. HHW sites take residents' paint.	House paint, primers, stains, sealers, varnish only — no aerosols or solvents. Free PaintCare pickup for 100+ gallons. Source
Motor oil & filters	CalRecycle Certified Used Oil Collection Centers (auto parts stores, quick-lubes); HHW sites for residents.	Centers must take at least 5 gal and may take up to 55 gal per person per day; oil mixed with anything is refused. Source
Fluorescent lamps, ballasts	Residents: HHW sites. Businesses: a universal-waste lamp recycler or the County small-business (VSQG) program, (858) 694-2456.	Barred from Miramar. Pre-1979 ballasts not marked 'No PCBs' are hazardous waste; keep lamps intact and boxed. Source
Propane & gas cylinders	HHW sites (residents) or cylinder exchange/refill retailers.	Refused at landfills and scrap yards (SA Recycling bans tanks and closed containers). Never leave them in bags or roll-offs. Source
Hot tubs / spas	No spa recycler found. Metal frame, pumps, heaters to SA Recycling, EKCO or CMS; shell, cabinet and foam to a certified C&D site or landfill.	Miramar bills bulky items as Special Handling (\$142/ton City, \$151 Non-City). Drain and strip electrical first. Source
Pianos	No piano recycler found. Cast-iron plate to a scrap yard; wood case to mixed C&D or landfill.	Finished wood isn't Clean Wood at greeneries. A whole piano at Miramar is Special Handling (1.5x refuse rate). Source
Roofing (shingles, tile)	Shingles: no SD recycler; EDCO CDI sites and Palomar C&D refuse them — landfill (Miramar \$241/\$257/ton). Clay/cement tile: Alpine (up to +\$500), Palomar.	Older roofing can contain asbestos — test before tear-off and disposal. Source
Solar panels	Recycle On Earth, 1230 Olive St, Ramona, (760) 789-9430 — the only site in the City directory listed for solar panels.	Manage as universal waste; don't landfill them in mixed loads. Call for fees and limits. Source
Lead paint debris	Intact painted parts from small residential jobs usually go as ordinary C&D. Chips, dust, blasting media and debris that fail testing are hazardous waste.	CA hazardous thresholds: total lead 1,000 mg/kg or soluble 5.0 mg/L — lab-test anything beyond intact parts. Source
Business hazardous waste	Public HHW sites are residents-only, except South Bay HHW for qualifying Chula Vista businesses. County VSQG program (858) 694-2456; DEHQ (858) 505-6880.	VSQG = under 27 gal/220 lb of hazardous waste a month (under 1 qt/2.2 lb acutely hazardous). Source
